

Automatic Milk Frother Hot & Cold

Refreshing milk foam magic

Airy, light and versatile. For the first time, the fresh, fine milk foam produced by the JURA Automatic Milk Frother can now be used to prepare cold versions of specialities like the flat white, the latest trend beverage. The clear, unfussy shape, the ingenious look and feel and selected materials of the speedy frother result in very simple handling coupled with optimum hygiene. Featuring two attachments, it prepares cold, warm or hot milk or milk foam using just one operating button. Available as an addition to any coffee machine and an aid for all fans of speciality beverages with milk, JURA's Automatic Milk Frother adds a new dimension to recipe ideas and barista tricks.

Wide choice of recipes

Airy, creamy milk foam gives trend specialities the freshness and lightness they need, either as the final decoration or the key base ingredient. Cold, warm or hot, the Automatic Milk Frother creates magical delicacies for any season: a hot chocolate in winter, a fruity Cold Romanoff in spring, a refreshing iced flat white in summer or an iced chai latte in autumn. There are no limits to the imagination of what you can produce. The enclosed recipe leaflet provides inspiration for special trendy drinks.

Cold milk foam at the touch of a button

Simply press the ergonomic operating button once, twice or three times and cold, warm or hot milk is frothed in the milk container. Self-explanatory, colour pictograms confirm the mode selected.

Ingenious design

The look and feel of the Automatic Milk Frother reflect the classic JURA design and are perfectly matched to the simple handling and optimum hygiene of the device. With its pleasant, soft-touch grip and elegant chrome details, users can't fail to be impressed. Easy-care materials such as stainless steel and the rounded shapes make the container very easy to clean.

Compact

The water supply line and attachments can be easily stowed in the base. At 13 x 21 cm, the Automatic Milk Frother slots perfectly into any kitchen cabinet.
